

WAGO LIGHTING MANAGEMENT SOLUTION WEBINARS

THE INTELLIGENT SOLUTION FOR LIGHTING CONTROLLERS!

Shorrock Automation will be hosting an online Webinar on the WAGO's Lighting Management Solution. WAGO's Lighting Management is the sophisticated solution for lighting control in large spaces such as production facilities and warehouses. Using a combination of predefined hardware and user-friendly software, WAGO offers a lighting management system that facilitates design and commissioning of new lighting systems while providing numerous additional advantages for their operation.
